make the smart choice

ABOUT US

YourSchoolUniform.com is a specialist school uniform supplier and we pride ourselves on offering choice to schools and parents - a choice of great services and a choice of quality products. The company has been supplying schools for more than 10 years and currently provides uniform to primary and secondary schools across the UK. We offer a range of garments to schools and parents and provide a choice of fabrics and prices.

Choice of Services to Suit Your School

We understand that schools and parents have differing requirements, so with this in mind, we have developed a range of services that schools and parents can choose from.

Bulk Delivery to Schools

For schools wishing to sell uniform to parents, we accept bulk orders placed by schools which are embroidered to order. For schools with limited space to hold stocks, we hold orders in our warehouse for call off by the school or for delivery after a date nominated by the school.

Parent Online

YourSchoolUniform.com was the pioneer in the 'parent online service.' Where schools prefer to refrain from handling uniform sales, parents are able to order direct from us. Orders are delivered direct to the parent's chosen delivery address, or where the school agrees, parents also have the choice of having their order delivered to school for collection.

Uniform Sourcing and Advice Service

For schools looking for a distinctive or unique style, YourSchoolUniform.com offers a sourcing service for specific uniform. Special trims and colourways can also be applied to standard garments.

We are also able to supply staff uniforms that co-ordinate with the main school uniform if required.

School Support for Promoting Uniform Supply

We can provide schools with ordering guides, letters introducing the service and templates for school newsletters and websites to ensure parents are aware of and understand the uniform buying process.
